

Volunteer to Help Homeless Hounds

"Our volunteers are the heart and soul of BROOD. Nothing beats the priceless satisfaction of knowing that you helped rescue a dog. Join our volunteer family and help us make a difference."

-- Christine Williams, BROOD President

House Visits

Help a basset get adopted by doing house visits. These take only a small amount of time and are a critical step in our adoption process and help ensure successful adoptions.

Fundraising

BROOD relies entirely on donations to keep going. Whether its holding your own fundraiser (bake sale, home party, etc.), donating items for our raffles and auctions or helping at an event, there are many ways you can help us have the resources necessary to save hounds.

Foster Homes

Giving our hounds safe, loving places to stay until they go to their forever homes is one of the most important (and urgently needed) services a BROOD volunteer can provide. BROOD covers all foster care costs, including vet bills. Can't foster at home? Ask about our Virtual Foster Program.

Hound Transports

A little time goes a long way when you transport a hound from an animal shelter to a vet's office, kennel or to/from a foster home. BROOD reimburses for your mileage or you may claim the mileage as a charitable tax deduction.

Outreach

Calling all writers, photographers, bloggers, tweeters, and Facebook friends! Put your communication skills to work to help us spread the word in your community and beyond about BROOD.
